The newspaper, which began as the Al-Islah Islamic newspaper, later moved to Cairo and was renamed Al-Ahram, the Arabic term for "The General". The value of the newspaper has been estimated at \$2,300 million, but this figure seems questionable. According to the Associated Press, in the early 1990s, the newspaper was "arguably one of the most influential, politically, in the Middle East and North Africa".[citation needed] Contents Sami Shawkat is a powerful politician, who was born and raised in Cairo.[4] He is a member of the Daawa Islamiya party; as well as a member of the Supreme Council of the ECP. As a result, Shawkat introduced legislation to make the Quran the official language of Egypt, and a new curriculum was introduced in which students in Cairo would only be taught the Quran.[5] Shawkat met with a number of visitors including Israeli President Shimon Peres, while visiting Israel. A close aide to Shawkat, Abdel Salam Hamza, was killed in a car bomb explosion in 2003 which was aimed at Abdel Majeed Abdel Sattar, a writer for Al-Ahram. Hamza was not a political aide for Shawkat, but a friend.[6][7] Shawkat was the focus of the negotiations between Israel and Hamas, following the abduction of Israeli soldier Gilad Shalit in June 2006.[8] Shawkat's official curriculum proposal included a chapter on Zionism and Jewish history.[9] In 1999, Shawkat published a book which criticized then-Amir's foreign policy.[10] As a result, the General Secretary of the Supreme Council of the ECP, Shawkat was imprisoned for two years for "slander" by Sisi.[11][12][13] During his trial, Shawkat was denied a defense attorney; some legal experts believe that he was not even allowed an attorney in his appeal.[14] Shawkat was then elected as First Vice-President of the Supreme Council, effectively making him the top leader of the ECP.[15] Following his release in 2003, Shawkat was arrested for his role in supporting the Great Resistance f678ea9f9e
